CONTENTS

FOUNDER'S MESSAGE

I was born and brought up in Kushinagar and went to the pain of not getting quality education in my early years. I had to go out of the district in my quest for learning. This took me away from my village, my people, childhood friends and native environment etc. I always cherished a dream, if only i could be instrumental in imparting contemporary and meaningful education in this so called backward area of Kushinagar.

I am glad to see this dream come true and that too in the form of **Jagdish Public School**. I call upon all the parents of this area to be a part of this altogether new experience – the experience of sharing the lives of your children for a better tomorrow.

For us, the JPS will be such a sacred palce where your child can have a productive time while studying or exploring himself/hereself. The devoted staff will not only impart best of education, rather they will also inculcate values like harmony, respect, honesty, truthfulness, wisdom and compassion. In such a stimulating environment our children will unleash their creativity. Undoubtedly, inculcating core values of Nationalism, equilibrium of body, mind and soul will be the core of our education system.

I invite parents and students of Gauri Shriram/Kushinagar area to be a part of JPS family to share common ideals and aspirations as we build a challenging and enriching educational experience for our students.

(Madan Mohan Pandey)

।वसुधैव कुटुम्बकम्।।

JAGADISH PUBLIC SCHOOL

Vision and philosophy of JPS

Knowledge serves as the cornerstone around which a child's personality is shaped. We nurture children to value and respect the diversity and develop harmonious relations with others.

Honesty and Truthfulness

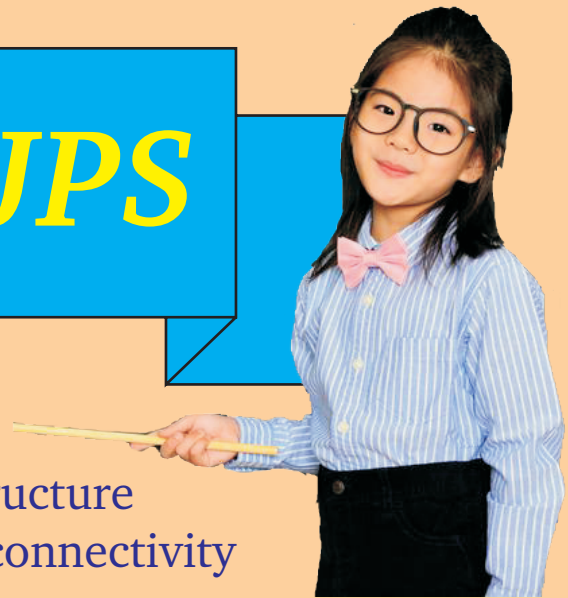

Educating students is what every organisation does. We believe in preparing students for life and hence, we hone their unique skills that can imbibe honesty and truthfulness in their work and life.

Striving for Excellence

Excellence in every aspect is what we believe in. It is incomplete if it is transitory; we strive hard to evolve excellence among the children. By imparting seamless knowledge and steady learning, we ensure that they grow up acquiring positive attitude and a thirst to achieve beyond excellence.

In fact, understanding the significance of values and learning, we endeavour to encourage holistic development in the children. Academic excellence takes the front seat for the foundation of learning. To unleash the unique calibre in every child, we strive towards enriching our students with value based education and individual care, so that they can grow up as global leaders.

Why JPS

- State of the art infrastructure
- Excellent location and connectivity
- Value based education
- Trained, experienced and devoted faculty
- Multifaceted development
- State of the art facilities
- Sprawling Playground
- Excellent sports infrastructure
- Tremendous Academic support
- Secure and safe transport facilities
- 24×7 CCTV surveillance of entire campus
- Alert and trained security
- Documentary based education
- Excursions and Educational trips
- Well equipped Laboratories
- Well Stocked Library

INFRASTRUCTURE

JPS HAS ONE OF THE BEST INFRASTRUCTURE AND FACILITIES IN THIS REGION

IMPRESSIVE BUILDING

A vast expanse of more than 2 acres provides a perfect ambience for an aesthetically chartered school building. An awe inspiring comprising of well-ventilated classrooms, well equipped science, maths and other labs, well stocked library etc supplement the process of learning. The school building also facilitates a large sound proof auditorium, an alluring play area for toddlers, indoor sports room and other required amenities. All teaching zones are technically enriched with the smart classrooms.

RECEPTION/ ADMIN BLOCK

An aesthetically designed reception area welcomes the visitors, meets all their queries, sorting and handing out mails etc.

DIGITAL CLASSROOMS

JPS provides a classroom environment that fosters excellence and motivate students towards better performance. Our classrooms are well ventilated with ample natural light. The rooms are integrated with computer and projectors, audio-visual aids, internet, green boards, chalk, duster and well furnished desks.

With information technology support, our skilled and dedicated teachers provide guidance to each and every student. The emphasis is on making every classroom a positive place where a student can work towards specific goals set before them in the class objectives. Our teachers are positive, organised, outgoing, confident and compassionate.

AUDITORIUM

The School has a spacious Auditorium equipped with a high quality sound system and high resolution projectors. The Auditorium provides platform to the students to perform during various events and activities. Educational and knowledge-based seminars and workshops will be conducted on regular intervals for the enrichment of students and staff members.

ART ROOM

The splashes of colour reverberate with the diversity and vividness of human emotions in the art room at the junior level. Individual styles and techniques get honed and displayed at the middle and Senior school level.

INFIRMARY

"Young India- fit India" is the health motto of JPS. The school clinic is well equipped to take care of first aid and minor exigencies.

Computer Lab

Information Technology has become integral for every walk of life. With fully equipped computer lab laced with the latest softwares, we expose students early to computer education. We have qualified teachers and lab attendants for assisting students to search for information, create multimedia presentations, execute project work and creatively present the content that they have gathered after the comprehensive search from multiple sources.

Science Labs

At JPS, we believe great scientists and Nobel laureates are not created in huge research facilities, but in the school Labs. Our labs bring learning to life as students get to explore, experiment, and form their own conclusions. We have well equipped science lab with all the things required for practical experience in Physics, Chemistry and Biology.

Library

Acknowledging the fact that the library is a storehouse of knowledge, the School has provided students with a library architecture that is inspirational and conducive to learning, improved communication and interaction.

Our school library, a treasure of knowledge, has a state-of-the-art infrastructure to provide students a place to learn, think and share ideas as we believe that such facilities ignite children's imagination and widen their knowledge horizons.

MATH LAB

To encourage students to learn through practice, we have provided our students with fully equipped mathematics lab. Here they can access the study materials for performing different mathematical experiments. In addition to regular assignments, students also play mathematical games like puzzles etc.

Smart Classes

Our classrooms are converted into technology-enabled smart classrooms equipped with interactive Digital Board Systems. A powerful Smart Class Application Engine allows teachers to view and plan relevant digital content for their classroom sessions as per the syllabus. Thus, the students are given maximum chances to develop into challenging humans in this world.

SPORTS

PLAYGROUND

The school playground has an ideal location. It spans a length of more than 100 metres. There are different and individual courts and areas for different games. In fact, these facilities provide the platform to enhance the all round development of the children.

INDOOR SPORTS

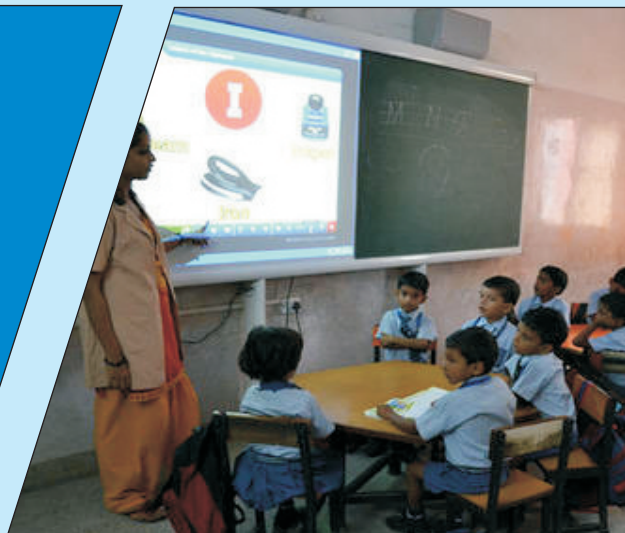

Apart from a huge outdoor play area, we also have a sports centre that offers a range of indoor games. The objective is to include every game, that can enhance the students' ability to not only focus on the goal, but also to help them create their own innovative approach to success.

FACILITIES

INTERACTIVE CLASSROOMS BY SMART BOARD

In the era of smart classrooms, teaching- learning process is made fun-filled, excited and innovative with the use of digital technology. Education introduction is no more restricted to printed media. "A picture is worth a thousand words". In line with this famous maxim and keeping in sync with the technology, **Jagdish Public School** has enabled most of its classrooms with smart classes, with an aim to bring in a dynamic perspective in education.

SELF DEFENCE CLASSES

Self defence is the need of the hour. Jagdish Public School provides facility of preparing students with the best Self defence techniques under the guidance of trained professionals.

YOGA CLASSES

Yoga is an ancient practice that has found its roots in Bharat. It has been recommended as a discipline to focus and connect body, mind and soul. This also acts as an excellent method of fitness and stress reduction. Having numerous benefits associated with it, we have embraced this practice to enable our students leading a healthy life. While indulging in this physical activity, we ensure the safety of every children. We understand that a healthy mind lives in a healthy body. Therefore, we encourage children to practice Yoga to get the unlimited benefits of health. Students get an opportunity to achieve optimal health by doing this simple yet very effective yoga. A complete well being of our students is what we aim to and hence, our yoga classes prove to be a great step towards it.

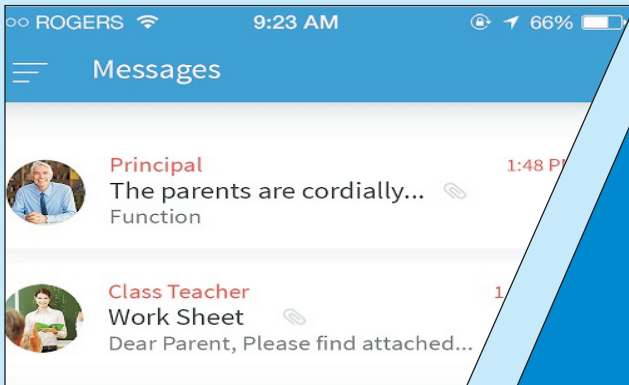

SPECIALIZED SPORTS TRAINING

At JPS, sports form an integral part of the education system in accordance with National Education Policy 2020. Sports are very important in building the character of children. It also teaches us the significance of discipline in life. It helps us in shaping up a respect for rules and enables the students to realise the value of self control. The school takes pride in having excellent sports facilities in several sports and games.

Learning can be fun-filled, if it is combined with activities. Therefore, we always encourage students to stay active in sports. It has been accepted worldwide that games develop critical thinking and analysing skills. So, inclusion of these important activities ensures overall development and well being of our young leaders.

AUDIO- VISUAL/DOCUMENTARY BASED EDUCATION

We, at JPS strive hard to provide best education and skill enhancement to children aiming at their optimum skill development we ensure to provide them world-class education comprising various important aspects of a skill enhancement encourages students to learn with documentary based education also during the process the students have to work on various aspects like concept theme analyse communication and others with help them adopting the skills at a fast pace.

SMS UPDATES, MOBILE APP FOR PARENTS

We want to keep parents abreast with their child's development. Therefore we are introducing SMS updates. Using latest technology, we make every effort to get connected with parents. The latest mobile app for parents facilitates them to learn about ongoing activities in the school. They can also check attendance, exams, photographs of events, homeworks important notices and much more.

SECURE TRANSPORT FACILITY

The School has its own fleet of new transport to provide safe and comfortable journey to its students. Each vehicle is equipped with fire prevention equipments, first aid facility and security measures. The transport system is provided with mobile phone on each route. The parent can contact the concerned route of their child and can get first hand information about the status of the route. Safety and security is given utmost priority.

RULES & REGULATIONS

At JPS, rules have been specified so as to represent the school community's expectations from the students in terms of uniform, behaviour and personal conduct. The students are expected to behave as per the acceptable standards at the time when they are in the school.

Students are expected to follow certain mandatory rules.

- * Every student should carry his/her identity Card daily.
- * Attendance on all National festival days and school functions is mandatory for students for celebrating the function or as per the scheduled plan.
- * Going to labs between periods should be done in silence and in a disciplined manner.

- * Students are expected to observe discipline and decorum in their behaviour inside and outside the school as it reflects the image of the school.
- * Respect and appreciate the beauty of the classroom and the school premises. Any damage observed should immediately be reported.
- * Students not in proper school uniform will not be allowed to attend the school.
- * School property like furniture, walls etc. should not be defaced. The culprit will be penalized for the same.
- * Books other than the text books or library books should not be brought to the school.

- * Cameras, mobile phones, etc. are strictly prohibited in the school premises.
- * Students should attend the school regularly and punctually.
- * Students should keep the environment and community neat & clean.
- * Students should read the school notices and share them with their parents.
- * Movement in the corridors while moving lab's/activity area etc. should be done in absolute disciplined manner

The school reserves the right to expel any student whose progress in studies is considered unsatisfactory or whose conduct is harmful to the school atmosphere. Immorality, Insubordination or contempt of authority may be some of the reasons for immediate expulsion or rustication.

Attendance

- * Every student is expected to be Punctual and attend the school regularly. Absence from the school except for illness and other unexpected circumstances will not be granted.
- * Leave may be allowed by the principal after producing a written application from the parent either through the mobile app or through written application in the school.
- * Students are expected to complete the work missed during their absence.
- * Re-examinations or Re-tests will not be conducted for the students who are absent during Tests or Examinations.
- * A half-day leave is not permitted due to security reasons. In case of emergency, if a student requires to leave the school early, parents should take prior permission and come to school to take back the student and produce valid document.
- * Students must carry the books as per the time table given. They are expected to bring Tiffin from home. After entering the school, the staff at the gate will not take books, Tiffin or stationery to be handed over to any student.

Promotion and Detention

The assessment and promotion is governed in conformity with the guidelines of CBSE and as directed by Board which aims at holistic evaluation of the learner.

Pre-Nursery, Nursery & KG

The philosophy behind the teaching is "We play as we learn and we learn as we play". Goals are set in a programme consistent with the early stages of a child's development. The programme includes the following skills– Linguistics, Creative, Numerical, Social/interpersonal. Thus, we hope to hone the child's intellectual, physical, cultural, artistic and communication skills in a free and stimulating environment. Children have lunch together and this helps in the development of social skills.

At, JPS we believe that every child is unique individual with unique learning abilities. In the formative years, the emphasis is on the development of language & other skills in

the child. This in turn, is done through honing various skills like listening, speaking, reading and writing. The child is assessed individually twice a year (except the unit/weekly tests).

Classes 1 to 5

These classes have an integrated academic programme devised to inculcate confidence in the child. The environment is communicative and children are motivated to express themselves. Reading is a vital part of the programme. Children are encouraged to ask questions.

Classes 6 to 10

The academic programme for the middle school & senior school is designed to develop individual & group values. Format study skills are inculcated and methods & strategies for strong work habits are taught to the children.

The school follows CBSE's latest Education Policy for the assessment & evaluation for classes VI-X.

The assessment structure and examination system has been prepared in view of provisions of CBSE.

Assembly

A School Assembly forms an important aspect of any curriculum. It encompasses potential to develop a positive school ethos that focuses on care for the self, others and the quest of all types of excellence. It strongly nurtures the intrapersonal intelligence. We conduct assemblies around a theme that helps in adding value to Education, Festivals or Awareness Programmes that are to Regional, National and Global importance.

Remedial Classes

We take care of each and every child and our best endeavour is to help every child to perform better. When a student is not doing well at a subject, additional steps are taken so as to improve the students performance. Such student may be sent to a class that aims at teaching basic concepts or the student may be provided study-habits among children. Like a remedy, the remedial classes are dedicated to improve students in specific subject that they are struggling with.

Discipline

Discipline is the bridge between goals and accomplishment. Your level of success is determined by your Discipline and Perseverance. The school discipline policy aims at creating an environment in which all members of the school can live and work together in a supportive way. It aims to promote an environment in which everyone feels happy, safe and secure, thus promoting good relationships and an environment conducive to learning.

One of the goals of education is self-discipline, so parents, teachers, and administrators will work with students to establish guidelines for acceptable behaviour. Appropriate action will be taken by the school administration, in consultation with the Principal & Teachers, when inappropriate behaviour of a student continues to disrupt the educational programme.
